MEMORANDUM FOR: The Comptroller

25X1A

FROM:

[REDACTED]  
SA to the DCI for Compartmentation

SUBJECT: Request for Unprogrammed Funds for Fiscal Year 1980

1. This memorandum is to request that unprogrammed funds be made available in the sum of \$10,000 in the month of August and \$20,000 in the month of September, 1980, for contract programming. The programming will be in support of the 4C system, which is a part of APEX. Expenditure in fiscal year 1980 is necessary in order to be able to spend effectively the 1981 funds required for early implementation of 4C. The expenditure would represent two man-months of effort by contractor personnel in August and four man-months in September.

2. This memorandum is coordinated in substance with [REDACTED] in the Office of Security and [REDACTED] of ODP. The funds, if available, should be transferred to ODP where the contract will be negotiated. A decision is desired at an early date in order that the RFP can be issued, a contract reached, and clearance started in time to make possible the desired work in August and September.
